When you walk into Daal Roti Indian Tadka House at 1450 Kingston Rd #11 in Pickering, Ontario, you can immediately sense the warmth and aroma that promise a real taste of India. The **Daal Roti Indian Tadka House Menu** is a beautiful blend of authentic flavors, hearty spices, and comforting dishes that celebrate traditional Indian cuisine. Whether you're an adventurous foodie or someone looking for familiar comfort, this menu offers a perfect balance between indulgence and tradition.

Starting with the **Non-Veg Appetizers**, the selection is a delight for anyone who enjoys smoky, char-grilled flavors. The **Chicken Tikka** stands out right away-tender chunks of chicken marinated in a rich blend of yogurt and spices, grilled to perfection in a tandoor. Each bite is juicy, with that perfect hint of char that Indian food lovers crave. For those who enjoy something with a little more tang, the **Chicken Achari Tikka** brings a punch of pickle-inspired spice, making it both flavorful and addictive. The **Chicken Shish Kebab** is another favorite-succulent pieces of meat skewered and grilled, giving a juicy, smoky flavor that pairs wonderfully with mint chutney. And of course, no Indian tandoor experience is complete without the **Tandoori Chicken Leg**, marinated overnight and cooked until tender, with a deep red hue that's both beautiful and delicious. If you're in the mood for something herby and aromatic, the **Hariyali Chicken Tikka**, marinated in

a green paste of mint and coriander, offers a fresh and earthy twist that's both unique and satisfying.

Moving on to the **Non-Veg Main Course**, this section is where the restaurant truly shines. The **Butter Chicken** and **Chicken Butter Masala** are absolute showstoppers-creamy, buttery gravies that coat each piece of chicken with rich tomato goodness. The balance of sweetness, spice, and cream makes it an all-time favorite among guests. The **Methi Chicken** adds an interesting herbal note with the distinct aroma of fenugreek leaves, offering depth and complexity to the flavor profile. The **Chicken Tikka Masala** continues the theme of bold, comforting flavors, with perfectly grilled chicken chunks simmered in a spiced, tomato-based sauce that pairs wonderfully with naan or basmati rice. For something richer, the **Chicken Lababdar** provides a regal experience with its velvety, nutty gravy-truly a dish that captures the essence of North Indian cuisine.

For vegetarians, the **Veg Appetizer** section on the **Daal Roti Indian Tadka House Menu** is equally inviting. It begins with the comforting **Tomato Soup**, simple yet flavorful, ideal to start the meal. The **Masala Papad** is a crunchy delight-a crisp papad topped with chopped onions, tomatoes, green chilies, and a sprinkle of masala, offering a burst of freshness with every bite. The **Hara Bhara Kebab** is a must-try for its vibrant green color and spinach-based mixture, soft inside and crisp on the outside. The **Veg Spring Rolls (6 pcs)** add a touch of Indo-Chinese flair, perfectly golden and served with a tangy dipping sauce. If you like something spicy and satisfying, the **Chilly Potatoes** deliver a delightful kick-crispy fried potatoes tossed in a sweet and spicy sauce that's absolutely irresistible.

Then comes the **Chat Corner**, which feels like a mini street food festival right at your table. The **Pani Puri (8 pcs)** is a refreshing explosion of flavor-crispy puris filled with tangy tamarind water, spicy mashed potatoes, and chickpeas that bring nostalgia for India's famous roadside snacks. The **Bombay Bhel** is another must-try, mixing puffed rice, sev, chutneys, and onions into a light, crunchy snack that's perfect to share. The **Sev Puri** offers a wonderful mix of textures, while the **Vada Pav (1 pc)** gives you Mumbai's favorite street burger-a spicy potato patty sandwiched in a soft bun with chutneys. The **Chaat Papdi** ties it all together with crispy wafers, yogurt, tamarind chutney, and spice blends that make each bite sweet, tangy, and spicy all at once.

The **Tandoor Se** section celebrates the heart of Indian cooking-the tandoor oven. The **Paneer Tikka** is a star dish here, featuring chunks of soft paneer marinated in spiced yogurt and roasted until slightly charred, giving a smoky flavor that's simply unforgettable. The **Tandoori Mushroom** adds an earthy touch, absorbing the flavors of the marinade while maintaining its juicy bite. For those who love variety, the **Veg Tandoori Platter** is the best way to sample different options from this section-it's colorful, aromatic, and perfect for sharing. The **Tandoori Soya Chap** is

a hidden gem on the **Daal Roti Indian Tadka House Menu**, offering a chewy, protein-rich alternative that's wonderfully spiced and smoky. Lastly, the **Achari Soya Chap** delivers that signature tangy, pickle-like taste again, creating a flavor that's bold, memorable, and perfect for those who like a bit of zest.
